Introduction

1. Prepare to Mobilize 1

- Select a health issue and define the community
- Put together a community mobilization team
- Gather information about the health issue and the community
- Identify resources and constraints
- Develop a community mobilization plan
- Develop your team
- Useful Tools
- Resources

2. Organize the Community for Action 61

- Orient the community
- Build relationships, trust, credibility, and a sense of ownership with the community
- Invite community participation
- Develop a “core group” from the community
- Useful Tools
- Resources

3. Explore the Health Issue and Set Priorities 99

- Decide the objectives for this phase
- Explore the health issue with the core group
- With the core group, explore the health issue in the broader community
- Analyze the information
- Set priorities for action
- Useful Tools
- Resources

4. Plan Together 131

- Decide the objectives of the planning process
- Determine who will be involved in planning and their roles and responsibilities
- Design the planning session
- Conduct/facilitate the planning session to create a community action plan
- Useful Tools
- Resources

5. Act Together	155
Define your team's role in accompanying community action	
Strengthen the community's capacity to carry out its action plan	
Monitor community progress	
Problem-solve, troubleshoot, advise, and mediate conflicts	
Useful Tools	
Resources	
6. Evaluate Together	181
Determine who wants to learn from the evaluation	
Form a representative evaluation team with community members and other interested parties	
Determine what participants want to learn from the evaluation	
Develop an evaluation plan and evaluation instruments	
Conduct the participatory evaluation	
Analyze the results with the evaluation team members	
Provide feedback to the community	
Document and share lessons learned and recommendations for the future	
Prepare to reorganize	
Useful Tools	
Resources	
7. Prepare to Scale Up	213
Have a vision to scale up from the beginning of the project	
Determine the effectiveness of the approach	
Assess the potential to scale up	
Consolidate, define, and refine the approach	
Build a consensus to scale up	
Advocate for supportive policies	
Define the roles, relationships, and responsibilities of implementing partners	
Secure funding and other resources	
Develop the partners' capacity to implement the program	
Establish and maintain a monitoring and evaluation system	
Support institutional development for scale	
Case Studies	
Resources
